LB 363

would also like to throw in that Dr. Tom Grabau a professor at Nebraska Wesleyan who has contributed wholeheartedly to this project and has devoted many hours of his work to coordinating this whole project in the State of Nebraska deserves a round of praise from not only this legislature but from all of the students who have been participating in the project. So I would just ask you to please support the Resolution. I think my good friend, Senator Marsh, would also like to say a few words.

SPEAKER NICHOL: Senator Marsh.

SENATOR MARSH: Before I start to speak I would ask the Clerk to again state the page it is on so persons can be looking this up and be. . .

CLERK: Page 2030, Senator.

SENATOR MARSH: As one of the newer members of the Board of Trustees of Nebraska Wesleyan University, it gives me great pleasure to ask to have my name added to this Resolution. I urge your support for the passage of LR 131.

SPEAKER NICHOL: The question is the adoption of LR 131. All those in favor vote aye, opposed nay. Have you all voted? Record, Mr. Clerk.

CLERK: 25 ayes, 0 nays, Mr. President, on adoption of the resolution.

SPEAKER NICHOL: LR 131 is adopted. We move on to motions. However, since Senator Wesely is not here at the moment we will take LB 118, Senator Rod Johnson, were you ready on that one?

CLERK: Mr. President, first of all, if I may, your committee on Enrollment and Review respectfully reports they have examined and engrossed LB 363 and find the same correctly engrossed.

Mr. President, the first motion I have with regards to LB 118 is by Senator . . .
